Subject: Upper Animas Communication Strategy & Eco-Tox Power Point
DRAFT FINAL Comm Strat April 2014.docx
EcoRisk and N&E Bullets DWall April 2014.pptx

Doug & Monica – Thank you for your time this morning on the Upper Animas. Attached are 2 documents in preparation for Martin's meeting with the San Juan county commissioners in the evening on April 23rd. After our briefing with Martin yesterday, we may be refining our messaging in the communication strategy a little bit but I think most of it should stay the same. I've also included 5 power point slides prepared by Dan Wall, EPA Eco-toxicologists that demonstrate the deteriorating conditions in the Upper Animas river.

If you have any questions on them, please feel free to contact me ahead of our call next Tuesday with Martin @ 12:30 pm.
